The Right Choice
ARMORTAB SUPER™

For both beauty and optimum durability

Introducing ARMORTAB SUPER™ from Owens Corning™, combines durability and weatherability with uncommon beauty. Drawing inspiration from the elegant slate roofs that adorn genteel, old European castles, ARMORTAB SUPER™ shingles are designed to reflect the genuine allure of natural slate without high cost or heavy maintenance. Featuring a broad, sculpted shape, ARMORTAB SUPER™ shingles will add substance and characters to your home and its surroundings. Even the color selection echoes the rich, rustic shades of real slate with hints of vibrant highlights and warm undertones. But it isn't just their enduring style that makes these shingles timeless.

ARMORTAB SUPER™ shingles also offer an affordable alternative to other roofing materials and are built to provide beauty and performance for many years to come.

They also provide :

- 30 Years Limited Warranty¹
- 180 KMPH Wind Resistance Limited Warranty¹
- Algae Resistance Limited Warranty¹

So you can enjoy their beauty and performance for many years to come.

Like no other, Beautiful, Protected, Home.

Enhance your home with beauty and performance.

ARMORTAB SUPER™ Sunshine Red

ARMORTAB SUPER™ 5tab shingles with Super Sealant Technology

New 5-Tab design specialty shingles make a unique and elegant statement without expense and weight of real slate. Not only do they increase the character and curb appeal of your home, but they also provide excellent protection to your roof.

What is Super Sealant Technology?

Owens Corning has been a recognized leader in the building industry for over 75 years. And we take pride in being America's No.1 Roofing Brand². Our Super Sealant Technology is a proprietary premium weathering-grade asphalt sealant that is specially formulated by Owens Corning. By choosing any product from our SUPER series shingles, the Super Sealant grips tightly on the shingle below with exceptional wind resistance that delivers 180 KMPH¹ wind warranty performance by performing excellent adhesive power.

Premium weathering-grade asphalt sealant formulated by Owens Corning, "Super Sealant Technology"
Exceptional Wind Resistance with Excellent Adhesive Power

Rich color of brilliantly colored mineral Algae Resistance granules that help reflect the sun's rays and prevent from algae growth
Adding beauty and style to the roof with maximum up to LifeTime Limited Warranty¹

Courtesy cuts & nailing lines that helps speedy and proper installation technique
Delivering fast, easy and consistent installation quality

¹See actual warranty for complete details, limitations and requirements.

²Owens Corning Roofing strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home.

We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.
